Making Cyber Security a Competitive Advantage

Jacky Fox – Cyber & IT Forensic Lead

Deloitte.

Introduction

Food for thought in 3 areas

- Are you spending your Cyber budget in the right places?
- Know your attackers
- Getting authentication right

Strategy

**Risk Management
and Compliance**

**Strategy, Transformation and
Assessments**

**Training,
Education and
Awareness**

Secure

Infrastructure Protection

Information Privacy and Protection

Vulnerability Management

Identity and Access Management

Application Protection

Vigilant

**Advanced Threat
Readiness and
Preparation**

**Cyber Risk
Analytics**

**Threat
Intelligence and
Analysis**

**Security Operations
Centre**

Resilient

**Cyber Incident
Response**

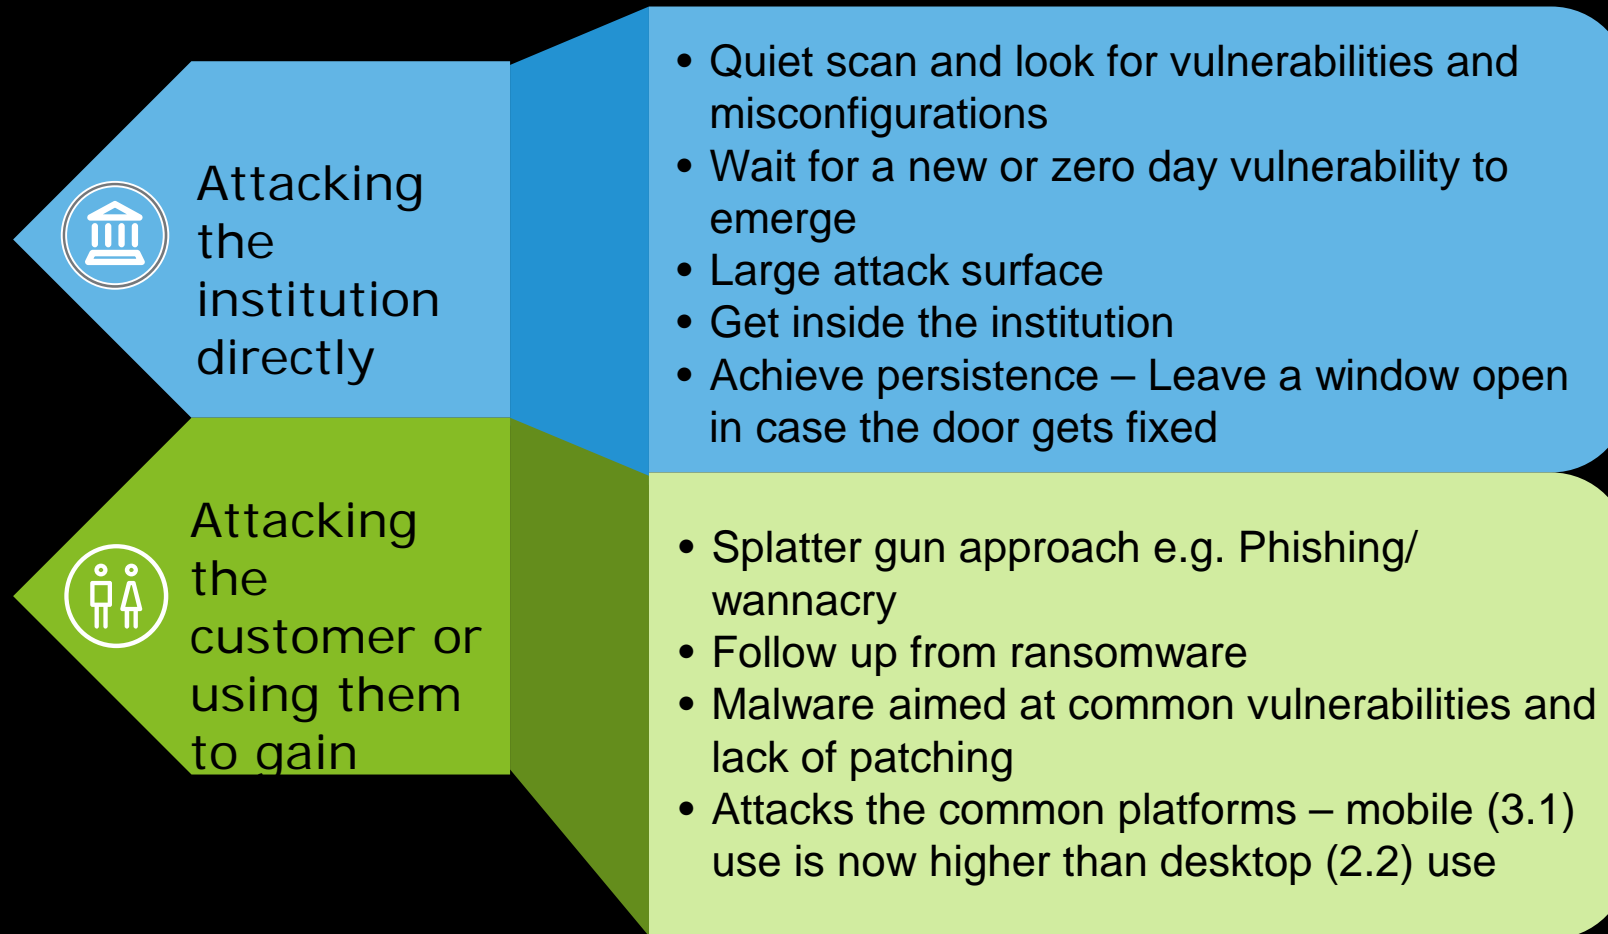

**Cyber
Wargaming**

Know your attacker over two main attack vectors

Aims: disruption, destruction, theft or any combination of these

Objectives: steal credentials, move money, disrupt operations, impact reputation

Getting authentication right

Challenge: transactions are not face to face in the digital world

Objective: To be able to reliably identify who has access and permission to instruct

- **Lots of regulatory and certifiable requirements – PSD2, Swift, ISO, COBIT, PCI, eIDAS**
- **Plain business need**
- **Use of multi-factors – are=biometrics, have=dongle or phone, know=password or knowledge**
- **Usability vs. Security**
- **Cryptography is our friend, properly used it provides secrecy, authentication and communications integrity**

Hello my name is Alice and I'd like to transfer €3M to Mr Evil

Incident investigations result in 'failed' attacks

Leading to failed attacks

Since Q3 2016 multiple attacks stopped/detected in time:

- Increased built-in alerting in Interfaces
- Early detection by AV solutions
- Strong collaboration with AV provider
- Information sharing from/to customers

Investigation of attacks:

Q1 2016 – Incident #1

- Malware bypassing integrity checks

Q2 2016 – Incident #2

- Malware harvesting credentials of users

... results in:

SWIFT Interface product updates
SWIFT ISAC info sharing:

- Collaboration with AV providers
- Awareness customer community
